UKAS

Design

- The front glass is associated with heater wires which avoids creation of fog.
- Hydraulic operated tilt forward glass is provided for easy cleaning of the display unit.
- Minimalist design and suggestive black finish.(Optional)

Glass structure

- The forward tilt open glass is supported by hydraulic piston which is embedded inside the display unit itself.
- Argon filled DGU side glass, which maintains temperature of the display cabinets.
- Self supporting glass frame with integrated handle.

Material

- The material is fundamental for every planner or designer.
- AISI 304 food grade stainless steel with matte finish.
- Work top is made of corian material.
- Black internal finish.
- Polycarbonate sliding door. Possess brass/stainless steel nobs and the doors slide very smoothly.
- Front decorative panel material is customizable on request.

Lighting

- Light is essential for a proper display of products: this is why Williams chose to install an innovative indirect lighting system with LEDs, perfectly integrated with the display.

- Electronic digital controller of Italian make is used for precise control and display of the temperature of the food items.
- Novel design of extrusion where dual LEDs are located at the top with optional white/neutral colours.

Refrigeration

- The system is sustainable that zero ODP refrigerants are used.
- Optimum humidity enhances the perfect preservation of the product.
- Durable and energy efficient European make compressor.
- The air supply and return are composed of directional channels in perfectly integrated stainless-steel plates and flush with the display surface.
- Auto defrost system.
- Auto drain removal system.

Technical Specifications

Model	Shiloh 4'	Shiloh 5.8'	Shiloh 7.5'
Temperature Range	-18°C to - 21°C	-18°C to - 21°C	-18°C to - 21°C
Voltage / Frequency	220-240V/ 50Hz	220-240V/ 50Hz	220-240V/ 50Hz
Cooling System	Ventilated	Ventilated	Ventilated
Power & Current consumption	1470W / 6.4A	1645W/7.3A	2200W / 10.3 A
Climate class / Temp. / RH%	3 / 25°C / 55%	3 / 25°C / 55%	3 / 25°C/ 55%
No. of GN pans	12	18	24
GN pan size	360x165x120mm	360x165x120mm	360x165x120mm
Refrigerant	R404A	R404A	R404A
Unit Dimension (WxDxH)	1265×1055x1150mm	1715×1055×1150mm	2224x1055x1150mm
Weight	286kg	386kg	498kg
No. of Sliding doors	2 Doors	2 Doors	2 Doors
