Williams

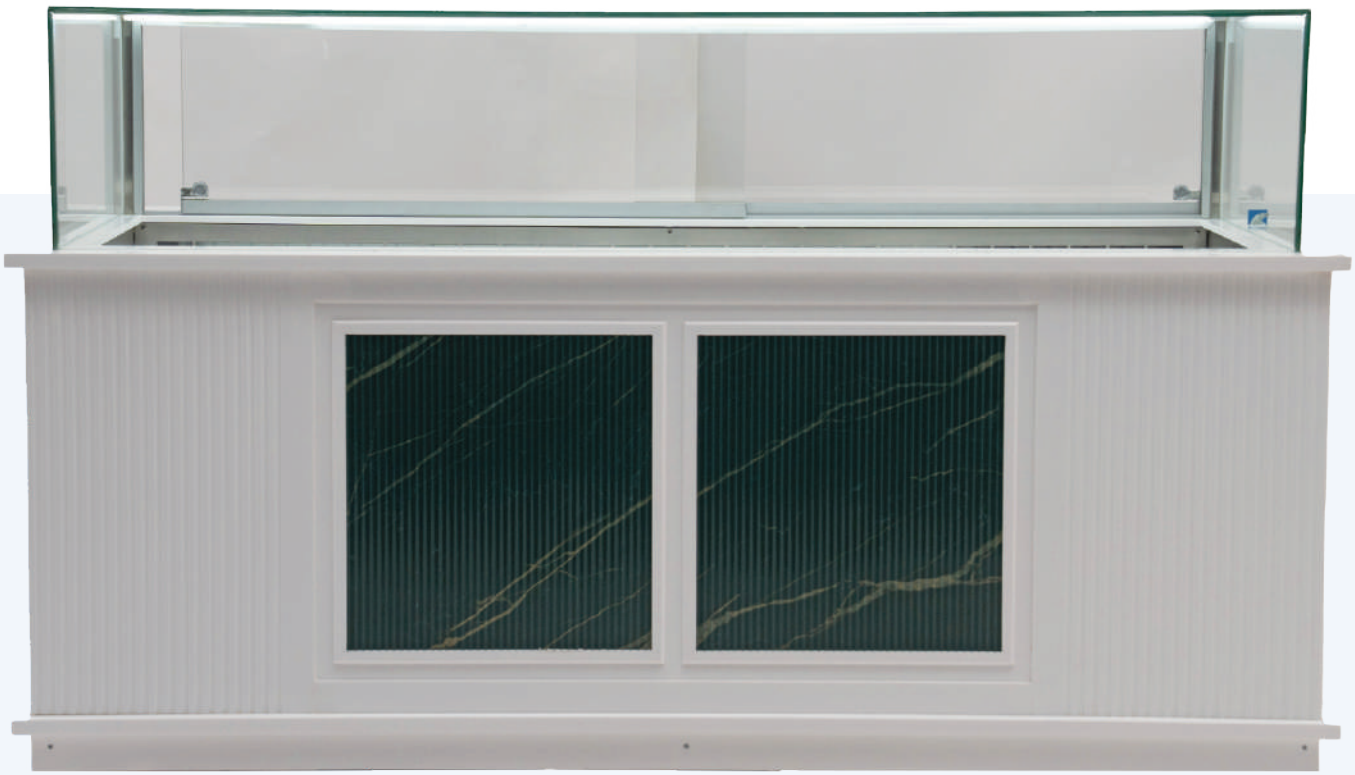

Display Cabinet

Crafted for Excellence

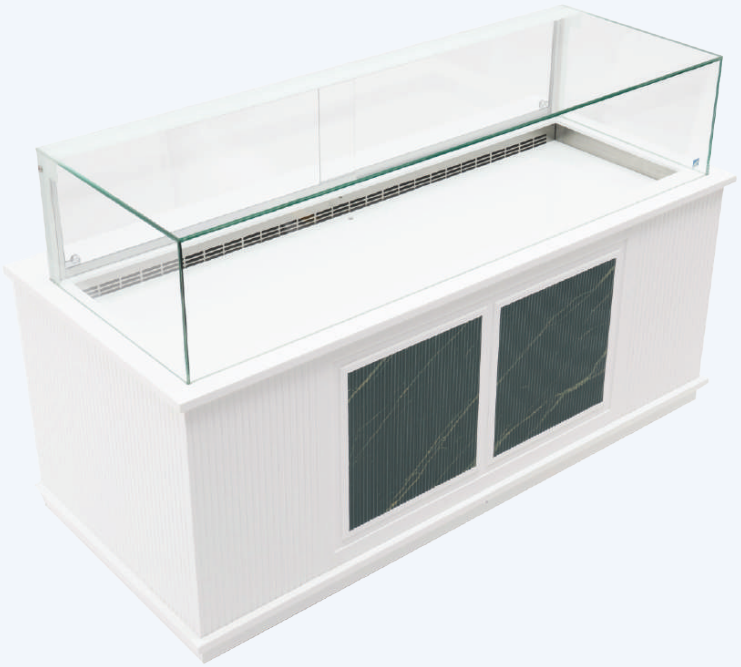

Timeless style

Sibyl is a Professional confectionery/patisserie display case to showcase and preserve, with top-notch design and technical features to bring out the flavour and aroma of products with elegance and functionality.

Refrigeration is equalized that the air flow does not affect the product. This system maintains an optimum humidity level which favours correct conservation of the displayed and stored products.

Design

- The flawless transparency and minimalist design of the showcase are essential for achieving a superior-quality display.
- Possibility to have two or more showcases joined together with the same aesthetics.

Glass structure

- Single pane glass used in the top and front which gives clear vivibility of the product.
- 12mm front , top, and side toughened extra clear glasses.
- Ultra - clear back openable single pane glass doors.
- Openable sliding door at the display level.

Material

- The material is fundamental for every planner or designer.
- Front and side decorative panel is made of corian.
- AISI 304 food grade stainless steel with matte finish.
- The rear openable doors are made of pane glass which preserves the temperature of the product.
- The rear panels are made of SS304 and has the provision to access the condensing unit.

Lighting

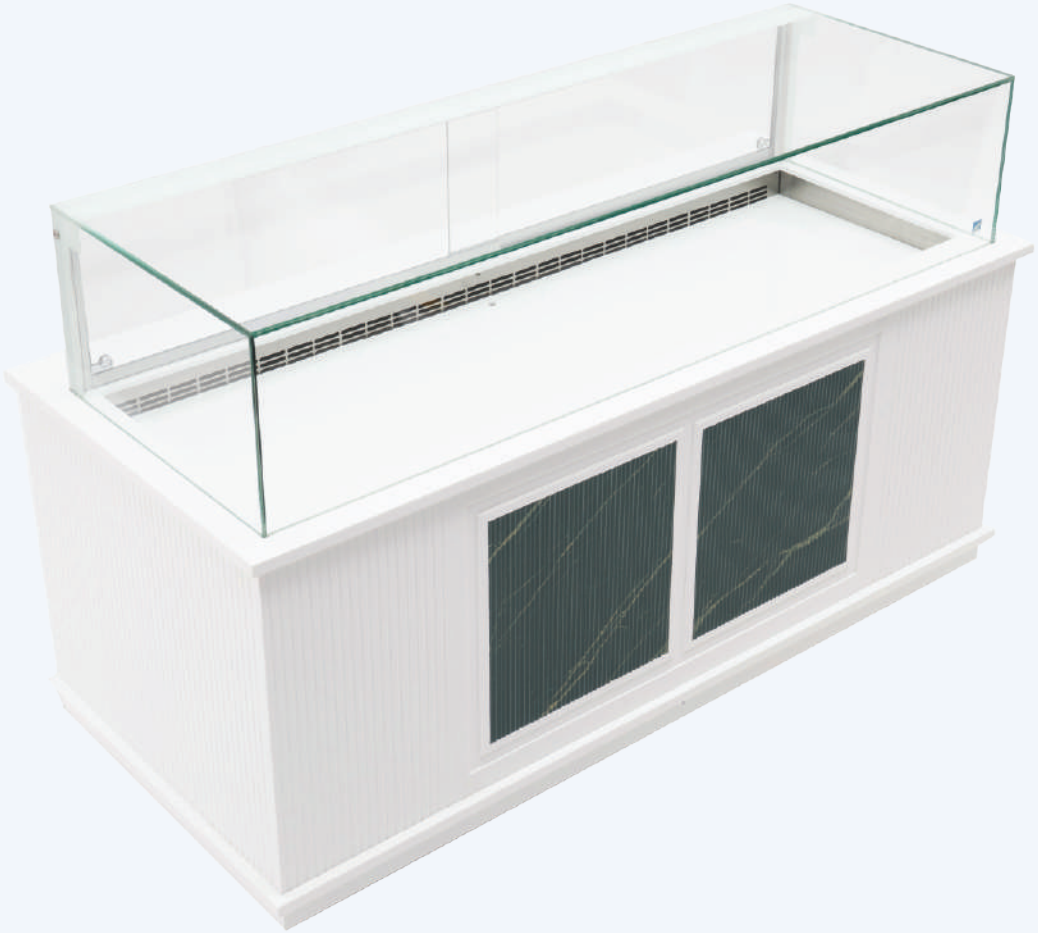

- Light is essential for a proper display of products: this is why Williams chose to install an innovative indirect lighting system with LEDs, perfectly integrated with the display.

- The LEDs are integrated with unique aluminium light fixture for both ceiling and fixed shelf with optional white/neutral white colors.

- Electronic digital controller of Italian make is used for precise control and display of the temperature of the food items.

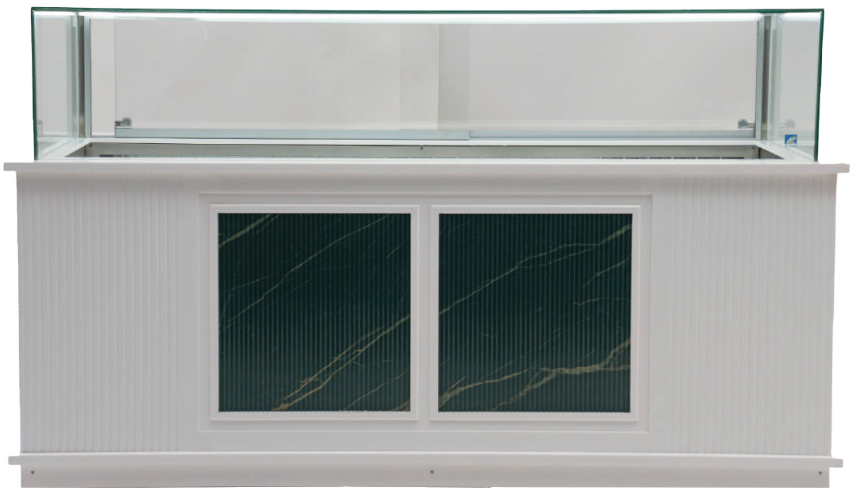

Refrigeration

- The system is sustainable, by using zero ODP refrigerants .
- Optimum humidity enhances the perfect preservation of the product.
- Durable and energy efficient European make compressor.
- The air supply and return are composedof directional channels in perfectly integrated stainless-steel plates and flush with the display surface.
- Auto defrost and auto drain removal system for hassle free maintenance.

Technical Specifications

Model	Sibyl 5'	Sibyl 6.5'	Sibyl 8'
Temperature Range (Patisserie/Chocolates)	+2°C to +8°C/ +14°C to +16°C	+2°C to +8°C/ +14°C to +16°C	+2°C to +8°C/ +14°C to +16°C
Voltage / Frequency	220-240V/50Hz	220-240V/50Hz	220-240V/50Hz
Climate class/Temp. /RH%	3 /25°C / 55%	3 /25°C / 55%	3 /25°C / 55%
Cooling System	Ventilated	Ventilated	Ventilated
Power & Current consumption	1265W / 5.5A	1656W / 5.5A	1794W / 5.5A
No. of Sliding doors (display)	2 Doors	2 Doors	3 Doors
Refrigerant	R404A	R404A	R404A
Unit Dimension (WxDxH)	1555x870x1222mm	1555x870x1222mm	2450x870x1222mm
Net Weight	290kg	350kg	415kg
No. of openable doors (storage)	2 Doors	3 Doors	3 Doors
