9001:2015

Design

- The perfect transparency and the minimalist design of the showcase is fundamental for a quality display.
- Temperature indicator is provided at the front of the display.
- Sturdy wheels facilitated for effortless system mobility.
- It comes with six display levels.
- The side glasses is ceramic printed.

Glass structure

- The racks are made of glass and stopper is provided for secure placement.
- Single pane glass used in the top and front gives clear visibility of the product.
- Sliding glass doors installed on aluminium profile holder. The doors slide very smoothly.
- The glass doors glides effortlessly on an aluminium profile holder, ensuring smooth operation.

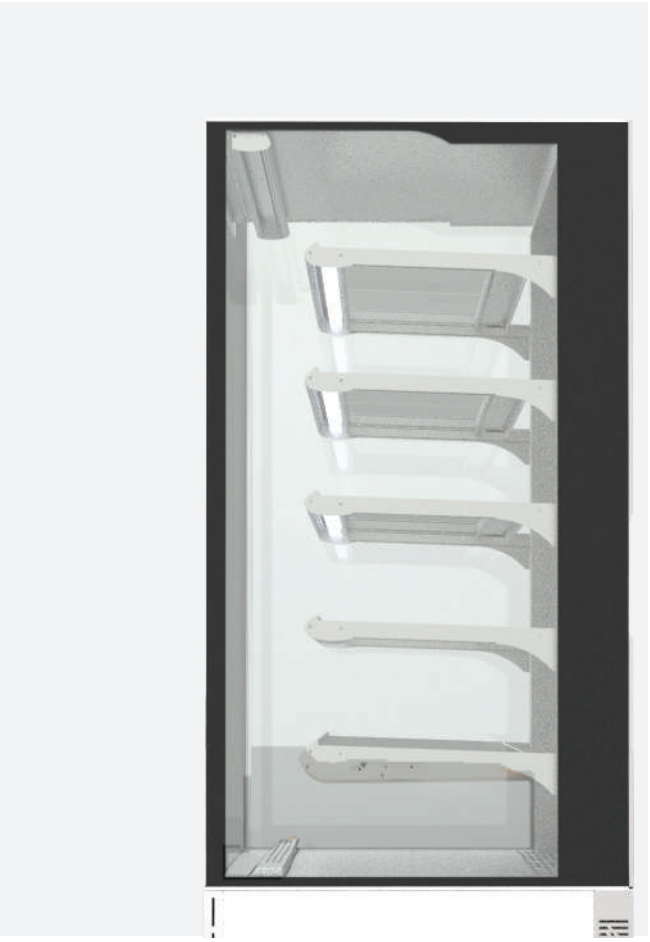

Material

- The material is fundamental for every planner or designer.
- The unit top features corian.
- The glass rack support and work top are constructed from SS304 stainless steel.
- Front decorative panel and the display top material is customizable on requirements.
- The glass rack stopper material is anodized finish.
- AISI 304 food grade stainless steel with with matte finish.

Lighting

- Light is essential for a proper display of products: which is why Williams integrated an innovative lighting system with LEDs, seamlessly incorperated with the display.

- Novel design of extrusion where LEDs are located beneath the racks with optional white/neutral white colours.

- Electronic digital controller of Italian make is used for precise temperature control to ensure preservation of food .

- The system is equipped with an exclusive ON/OFF power switch for easy operation and ON/OFF switch for LED.

Refrigeration

- The system is sustainable by using zero ODP refrigerants.
- Optimum humidity enhances the perfect preservation of the product.
- Durable and energy efficient European make compressor.
- The thermodynamics of the cabinet ensure the uniform temperature on all shelves.
- Auto defrost and auto drain removal system for hassle free maintenance.
- High-contrast product presentation. Easily removable air grills for compatible refrigeration system.

Technical Specifications

	Stellar Sphire – 3’		Stellar Sphire – 4’	
Series	Cold	Normal	Cold	Normal
Temperature Range	+4°C to +6°C	NA	+4°C to +6°C	NA
Climate class / Temp. / RH %	3 / 25°C / 55%	NA	3 / 25°C / 55%	NA
Voltage/Frequency	220-240V/ 50Hz		220-240V/ 50Hz	
Power & Current Consumption	1265W / 5.5A	60W / 0.2A	1260W/5.4A	1564W / 6.8A
Refrigerant	404A		404A	
Unit Dimension (WxDxH)	918x744x1860mm		1218x744x1860 mm	
Net Weight	190kg / 168kg		260kg / 232kg	
Number of Shelves	5+1		5+1
