Williams

Display Cabinet

Crafted for Excellence

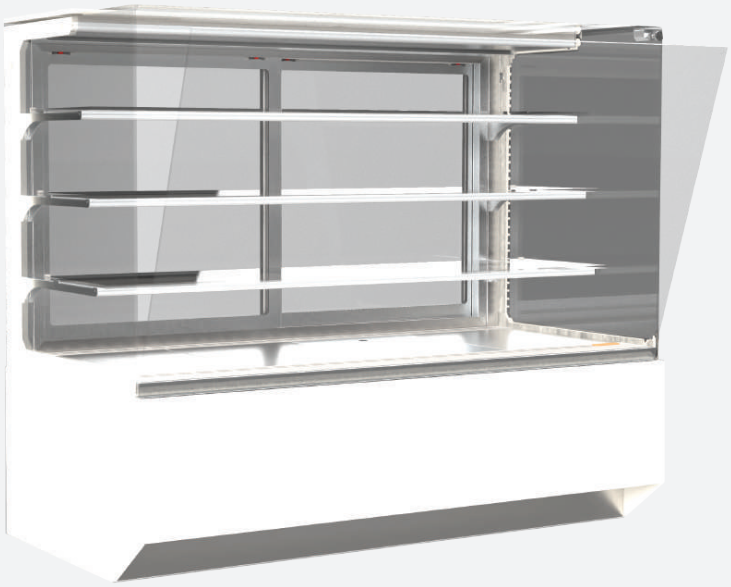

Extreme Transparency

Silya is a Professional pastry display cases with unique design and high-level technical features, offering a wide range of products to suit your needs. Multifunctional, adaptable and elegant confectionery / patisserie display cases, a perfect balance between aesthetics and functionality.

Refrigeration is equalized on all display levels where the air flow does not affect the product. This refrigeration system has a high humidity level which favours correct conservation of the displayed products.

Design

- The perfect transparency and the minimalist design of the showcase is fundamental for a quality display.

Glass structure

- Single pane Glass door slides on SS profile holder. Possess handles and the doors slide very smoothly.
- Single pane glass used in the top and front which gives clear visibility of the product.

Material

- The material is fundamental for every planner or designer.
- Front decorative panel is made of corian.
- Unit top is made of glass.
- AISI 304 food grade stainless steel with matte finish

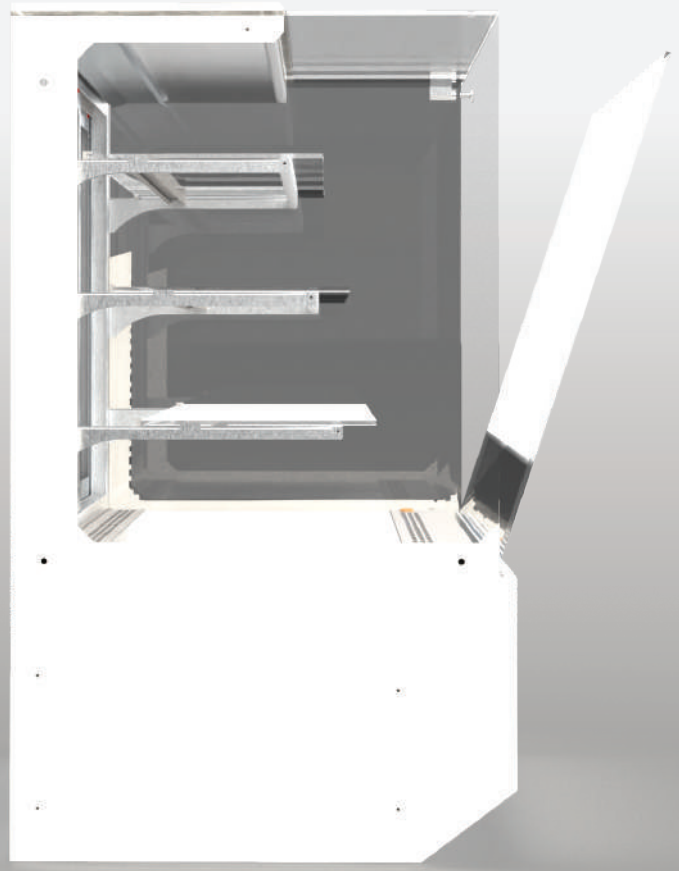

Lighting

- Light is essential for a proper display of products: this is why Williams chose to install an innovative indirect lighting system with no-spot LED strips, perfectly integrated with the display.
- The visual appeal of food and drink merchandise is significantly enhanced by super bright, energy efficient LED lighting.

- Electronic digital controller of Italian make is used for precise control and display of the temperature of the food items.
- Novel design of extrusion where LED strips are located at the top with optional colours white/neutral white.

Refrigeration

- The system is sustainable that zero ODP refrigerants are used.
- Optimum humidity enhances the perfect preservation of the product.
- Durable and energy efficient European make compressor.
- The thermodynamics of the cabinet ensure the same temperature on all shelves. The fans are electronic with variable speed and low acoustic impact.
- Auto drain removal system.
- Auto defrost system.

Technical Specifications

	Silya-3'			Silya-4'		
Series	Cold	Hot	Normal	Cold	Hot	Normal
Temperature	+4ºC to +6ºC	+40ºC to +55ºC	NA	+4°C to +8°C	+40°C to +55°C	NA
Voltage/frequency	220-240V/50Hz			220-240V/ 50Hz		
Cooling System	Ventilated	NA	NA	Ventilated	NA	NA
Climate class /Temp / RH%	3/25ºC/55%	NA	NA	3 / 25°C / 55%	NA	NA
Power Current Consumption	1040W /4.6A	300W /1.2A	30W /0.12A	1090W /4.8A	360W/ 1.45A	42W / 0.18A
Refrigerant	R404A (cold model only)			R404A (cold model only)		
Unit Dimension (WxDxH)	900x750x1300mm			1200x750x1300mm		
Net Weight	200kg	178kg	176kg	270kg	246kg	242kg
Number of Shelves	3+1			3+1		

	Silya-5'		
Series	Cold	Hot	Normal
Temperature	+4°C to +8°C	+40°C to +55°C	NA
Voltage/frequency	220-240V/50Hz		
Cooling System	Ventilated	NA	NA
Climate class /Temp / RH%	3/25ºC/55%	NA	NA
Power Current Consumption	1430W/6.2A	360W /1.56A	54W/0.27A
Refrigerant	R404A (cold model only)		
Unit Dimension (WxDxH)	1500x750x1300mm		
Net Weight	332kg	302kg	300kg
Number of Shelves	3+1
